

1. OVERVIEW

The District Council of Orroroo Carrieton, as part of its commitment to a healthier, safety workplace recognises its obligation to ensure that the health and safety of workers or other persons at the workplace, are identified, assessed and controlled.

Council accepts that tobacco smoking, particularly the smoking of cigarettes is detrimental to health.

This procedure aims to:

- Demonstrate compliance with legislative requirements
- Achieve the highest levels of workplace health and safety performance by:
 - Providing managers and workers with the information, instruction and training to enable them to manage smoking in the workplace effectively;
 - Having systems in place to facilitate the monitoring and evaluation of the effectiveness of those controls.

The District Council of Orroroo Carrieton is committed to a consistent approach to smoking in the workplace that includes cooperation and consultation between management, workers, contractors, visitors and others in the workplace.

SIGNED

Chief Executive Officer

.....

Deputy Chairperson, WHS Committee

2. CORE COMPONENTS

Council accepts that:

- there is a significant association between involuntary smoking and an increased risk of lung cancer, respiratory, and heart disease;
- tobacco smoke can aggravate the symptoms of those who are affected by existing heart and chronic lung diseases and asthma;
- tobacco smoke can be irritating, offensive and can cause physical discomfort to non-smokers including eye irritation, nasal irritation, headaches and coughing;
- smoking is prohibited by law in certain places such as:
 - a) where fire or explosion is a risk;
 - b) food handling and preparation areas;
 - c) where there are occupational safety risks, and
 - d) pubs / clubs / restaurants.
 - e) playgrounds and covered public transport waiting areas.
- tobacco smoke is now regarded as a major pollutant of the indoor air environment;
- typical indoor ventilation, including mechanical ventilation and air-conditioners, is inadequate to totally remove tobacco pollutants;
- it has a responsibility under the WHS Act 2012 to '*ensure, so far as is reasonably practicable, the health and safety of workers*'. Council may be found liable under Common Law and the Workers Compensation Act if it fails to provide a safe and healthy environment for its staff.

- 4.2 **Council Office - Council Space**
This includes the Council Chambers, all offices, passages, reception open work areas, hallways, staff room/kitchen, copier rooms, storage and records rooms, Committees or meeting rooms, switchboard/reception/public area, computer room and toilets.
- 4.3 **Works Depots**
This includes staff amenities building including lunchroom, toilets and offices, depot buildings including workshop, storerooms, and depot yard.
- 4.4 **Council Vehicles**
This includes all vehicles, plant and machinery. All Council vehicles to which this requirement applies shall have affixed in a conspicuous place within the interior of the vehicle, signs or other indication that no smoking is to occur within these vehicles. A 10 metre prohibition area surrounding vehicles applies.
- 4.5 **Confined Spaces**
Pits, tanks, etc.
- 4.6 **Visitors Information Centre**
All indoor areas.
- 4.7 **Town Hall Buildings**
Includes offices, gallery, meeting room, recreation, kitchen, and toilets.
- 4.8 **Swimming Pools**
Includes indoor buildings, plant room and outdoor areas frequented by patrons of the swimming pools.

5. RESPONSIBILITIES

5.1 Managers & Supervisors

Managers & Supervisors are accountable for ensuring that:

- 5.1.1 This Procedure is observed.
- 5.1.2 Job applicants are informed at interview of Council policies and procedures. The smoking status of job applicants for promotional positions is not, however, to be used as a criterion in the selection process.
- 5.1.3 Workers are adequately informed about this Procedure.
- 5.1.4 Council Procedure is discreetly displayed and well publicised for the benefit, not only of staff but for visitors and service users (advice on obtaining relevant posters, stickers etc may be sought from the Work Health & Safety Committee).
- 5.1.5 All ashtrays should be removed from all non smoking areas and that receptacles for disposal of smoking material are provided at entrances to these areas.
- 5.1.6 That grievances are dealt with in confidence by Management and that the Work Health & Safety Committee is informed about any such grievance and its resolution.
- 5.1.7 Potential workers will be further advised of the Procedure during employment interviews, it will also be included in letters of appointment and again during any new worker's induction.

5.2 Workers

Workers are accountable for:

- 5.2.1 Complying with this Procedure.
- 5.2.2 Obeying all instructions issued to protect their own personal health and safety and the health and safety of others.
- 5.2.3 Co-operating with their WHS representative in having grievances of disputes resolved in a proper manner.
- 5.2.4 Smoking is only permitted during meal and 'smoko' breaks.

6. REHABILITATION

Paid leave, up to a total of eight hours on a once-only basis, will be allowed for counselling or quitting smoking related activities. Workers wishing to stop smoking are encouraged to call the **Quitline on 131 848**. Part of the service offered by **Quitline** includes a structured call line that operates 24 hours per day.

A program can be developed whereby the person wishing to stop smoking negotiates a suitable date and time with **Quitline** and receives regular and ongoing sympathetic support by phone and / or one-to-one counselling if required and available.
